

# THE BLUE BERET

Wednesday, 28th July 1965

Issued by the Information Office of the United Nations Force in Cyprus

Third Edition

No. 15

UNFICYP Force Commander

## General's message

Following is the text of the message addressed by the Force Commander, Gen. K.S. Thimayya, to Lt. Col. P.D. Hogan, Officer Commanding, and to all officers and other ranks of the 4 Infantry Group that departed from Nicosia last week:

"Lt. Col. P. D. Hogan, Officers and Men of the 4 Irish Infantry Group:

"I have had the pride and privilege of commanding you the last six months when you played such a prominent part in the peace-keeping duties of this Force.

"Throughout this period you have set a high sense of discipline and integrity and complete impartiality in your dealings with all Cypriots on the Island. You have also built up the spirit of cooperation, comradeship and friendliness with the other members of the Force. You have indeed set a high standard of peace-keeping duties for which both your Army and the country that has sent you may be highly proud of.

"It is with regret that I have to accept the withdrawal of your Group from the Force. And I take this opportunity to thank each one of you for your valuable services. I wish all members of your Group a happy return home and a well earned rest with the other members of their families."

## Repatriation of 4th Inf Group now completed

**Force Commander praises "high standard" in farewell message**

Repatriation of the 4th Irish Infantry Group which had been serving as part of the Irish Contingent with the United Nations Force in Cyprus, was completed on Thursday last.

On the eve of their departure, the Force Commander, Gen. K.S. Thimayya, addressed a message to the Group in which he praised the "discipline, integrity and complete impartiality" of the departing Irish officers and men.

Gen. Thimayya said that the Group had "indeed set a high standard of peace-keeping duties" for which both the Irish Army and Ireland "may be highly proud of".

A total of 32 officers and 384 others ranks were repatriated from Cyprus to Ireland by aircraft of the Adria airlines of Yugoslavia. They were under the command of Lt. Col. P. D. Hogan.

The 4 Irish Infantry Group was deployed in the former Paphos UNFICYP Zone. Following its departure, the 42 Infantry Battalion (also of the Irish Contingent) was re-deployed from its former Morphou Zone responsibilities to the modified Paphos UNFICYP Zone (see **Blue Beret**, page 1, Col. 1, of 21 July).

In his message to the departing Irish, Gen. Thimayya said that it was with "regret" that he had to accept the withdrawal of the Group from the UN Force in Cyprus. He commended the members of the Group for the "spirit of cooperation, comradeship and friendliness" that they had instituted in their relations with other members of the Force.

## Australian Ambassador visits UNFICYP

Last week the Australian Ambassador to Greece visited Cyprus to review the Australian police on duty with UNFICYP. Picture shows the Ambassador Mr. H. B. Gullett with Lt. Col. P. J. Delaney, OC 42nd Irish Bn and Paphos District. Walking behind them are Mr. J. Hamilton, Police Advisor UNFICYP and Major R. Harris, MC, OC Lefka District.

## Swedish CIVPOL rotation

A partial rotation of the Swedish elements of Civilian Police attached to UNFICYP took place between 21 and 22 July. 17 members returned to their permanent stations in Sweden. During their service in Cyprus they served at HQ United Nations Civilian Police, Nicosia, and with UNFICYP Civilian Police in Famagusta Zone.

25 volunteers arrived at Nicosia on July 21 to replace the men being rotated.

15 men from the contingent volunteered to stay another three months. The contingent consists of 40 men all-together.

The transport was supplied by Swedish Trans-Air.

## QOR's hold presentation parade

Moving to Battalion Headquarters last week was an officer or non-commissioned officer from every sub-unit of the 1st Battalion, The Queen's Own Rifles of Canada. The purpose of their visit was a rare one in the Canadian Army for it was for medal presentations. One by one, representatives of each company had their blue and white United Nations Medal for service in Cyprus pinned on to their left breast by Major Lloyd Cornett, Second in Command of the 1st Battalion. By the end of last week over 700 had been distributed to riflemen of the Battalion who had qualified by serving 90 days with UNFICYP.

Yesterday found "A" Company, located at Oneisha Farm and under the command of Major Jack Hanley, fully occupied. Arriving early in the afternoon, the Commander of Nicosia Zone, Brig B. F. Macdonald DSO, CD inspected all of the company's operational tasks at first hand. During his visit he saw all of the areas' 12 outposts and also travelled with one of the Nicosia — Kyrenia convoys. In this way the Brigadier was able to view all the problems of the soldiers in the numerous outposts for himself. To conclude his extensive tour the company staged a Canadian type Barb-becue at the Oneisha Farm Rainbow Club attended by all ranks.

A number of reinforcements will be arriving from Canada this week. Capt Gill McLean and Lt Jerry Jensen arrived on Monday's weekly RCAF service flight from Calgary, Alberta. Departing on the same day were Major Frank Moad on rotation home and replacing him as Commandant at Troodos Road Camp will be Capt Bill Mountain, who moved down from Battalion Headquarters.

Sgt Bill Pitt, the Medical Sgt attached to the 1st QORs receives the Canadian Forces Decoration from Maj Lloyd Cornett, Battalion Second in Command, at the medal presentation ceremonies last week.

## Regiment's CO returns to Canada

THE highlight at Fort Phillips this week was of course the departure for Canada of our Regimental Commanding Officer Lt Col PVB Grieve, CD, who left on Monday afternoon. Four troop provided the farewell escort and we can only hope that Lt Col Grieve had an enjoyable stay. Just prior to leaving he was presented with a beautiful cake set by the Junior Ranks club, better known as "Patty's Pad", called so after Col Grieve.

● On Tuesday our CO, Major A. K. Casselman, CD, departed for three days leave on the island. He set up shop in Famagusta and it is rumoured that he is quite rested although the says he has a wonderful leave. How one has a good leave and rests at the same time is a problem many of us can't solve in the squadron.

● It is rumoured now that in about two months we should be back in Canada to face that wet Canadian fall and the cold Canadian winter.

We are sure many members of the squadron are already dreaming up hunting trips for the fall. You'd better watch it all you Canadian deer, (dear?) as we have some expert shots here.

● WO 2 Turner, our SSM, has gone to England on leave to see his family there. We hope he has a pleasant trip and doesn't dream up any more white washing projects while he's away. Sgt Brooks is now acting SSM in WO 2 Turner's absence.

Well that's about all for now as the busy call sign has to hit the road. See you all next week.

## Nye zonpressofficeren Vaelkaend nyhetsroest

Zonpressofficeren, major Arne Friberg, lämnar - med saknad - Cypern och den svenska FN-bataljonen i början av augusti. Han började sin tjänstgöring den 20 januari på bat 28 C. Efterträdare blir major Kaj Karlholm, medarbetare på TT:s radioredaktion och välkänd nyhetsuppläsare.

Den nye zonpressofficeren har tidigare bl.a. varit verksam inom Lidmanpressen i Hedemora. Åren 1948-1953 svarade han för TCO:s pressinformation och tjänstgjorde sedan under två år som biträdande presschef inom SAS svenska region. Han arbetade också några år inom filmbranschen, var sedan informationschef på Rädda barnens riksförbund och kom så via Radio Nord till TT våren 1962.

I TT-jobbet har han kunnat följa Cypernkrisens utveckling, så som den avspeglats i nyhetstelegrammen. Han tycker därför att det skall bli intressant att få tillfälle följa händelserna på nära håll och så att säga få se verkligheten bakom telegrammen.

Huvuduppgiften är ju emellertid att se till att den svenska bataljonens verksamhet inom olika områden blir känd och uppskattad, både här på Cypern och på hem-

mafronten i Sverige. Mina företrädare har alla gjort ett fint jobb, och som "Albyl" kan jag bara

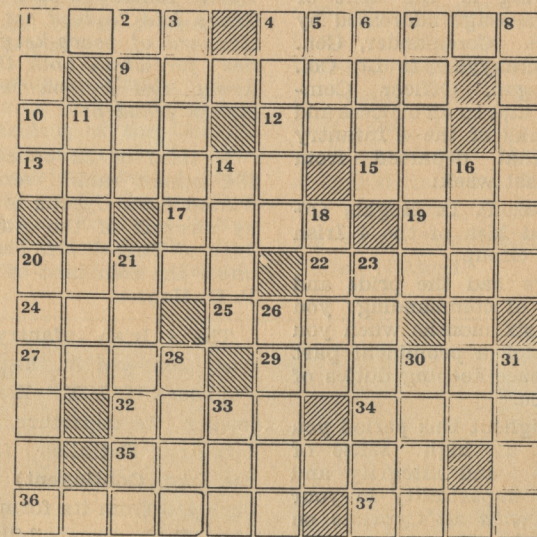

Kaj Karlholm

lova att försöka fullfölja de goda traditioner som skapats, säger den nye zonpressofficeren, som nu är mitt uppe i sin nya verksamhet.

Major Kaj Karlholm är född den

## DANCON Sport

I den forløbne weekend er to finalekampe, fodbold og haandbold, blevet afgjort med stor publikumstilslutning, godt spil og god stemning. Den 24 ds. mødtes D og E-KMP paa DANCON "stadion" i et rigtigt pokalopgør, hvor Delta dog ret hurtigt slog fast, hvem der skulle føre det store ord. Første halvleg endte 3-0 til Delta KMP. og kampens resultat blev 4-0. Selvom D-MP. startede 2. halvleg med en relativ stor foering, skal det siges til E-MP. ros at de ikke gav op, men kæmpede saa de tilsidst var faldefaerdige af traethed. Delta scorerer nogle glimrende maal, og boed paa gode detaljer under en helstøbt holdpraestation, hvor man har sveert ved at fremhaeve enkeltpersoner. Samarbejdet mellem halffaeden maalmænden virkede som saedvanling stoet og knusende sikkert, mens 19 og 12 i angrebet stod for detaljer, som fik bifoldet til at stroemme ned over bneen fra de ca. 330 tilskuere. Hos Ekko viste venstre bach, Heino, sig endnu engang som en sand fighter for Herren. Kampen blev ledet af en Svensk dommertrio, der hele kampen igennem med myndighed og praecision beherskede spillet. En underholdende og velspillet match, der fuldt fortjent vandtes af D-MP. Tillykke Delta.

Soendag aften spilledes haandboldfinalen melle m Bravo og Charlie paa banen ved Ny KIH. Den ordinaere kamp endte 8-8 og en omkamp paa 2x10 min. vandtes 5-3 af B-MP. som dermed loeb af med vandrepokal og Praemier.

Matchen praegedes af for mange hovedloese afleveringer og af for haardt spil, men var trods alt spændende fra foerst til sidst. C-MP. var en overgang foran 8-5, men takket vaere en god indsats af Kjaer og Co. klarede man skaerene til uafgjort. Charlie havde straks i omkampen ved stillingen 0-0 den flothed at braende to straffekast, som maaske kunne have virket afgørende. Parn of solid holdindsats fra begge sider, og specielt, Charlies "omsvoermode" maalmænd havde en saerdeles god dag. Tillykke til Bravo med DANCON mesterskabet.

Bordtennis double og single, afgøres ved et staevne i Elisabeth Camp 31. jul. — 1. aug., hvor der vil blive spillet paa fire borde; staevnet ledes af SG. Jacobsen, STKMP.. Badminton saavel double som single afvikles som cupstaevne i weekenden 7-8 aug., og spilles i gymnastiksalen paa Wolseley Barracks, dette staevne ledes af SG. Johannesen,, D-KMP.

Tennisturneringen med tyve deltagere har, naar disse linier laeses, afviklet sin foerste runde, og de resterende 10 deltagere fortsaetter straks i anden cuprunde. Turneringen vil blive afviklet helt igennem efter cup-systemet og ikke som foer meddelt to gange cup og de resterende fem deltagere spillende individuelt.

Nordisk Svoemmelandskamp er startet med de obligatoriske 200 m fri svoemning, der har til dato vaeret afholdt the svoemmedaetner, men med altfor ringe tilslutning. Meningen med Nordisk Svoemmelandskampen er at faa saa mange som muligt til at svoemme 200 m, noget enhver baade af hensyn til sig selv og andre burde anse som sin moralske pligt at kunne. Forhaabentlig kommer der mere gang i denne svoemning ved en konkurrence

Gunner Noel Cosgrave of the 42nd Battalion making the presentation to the boys' father Ibrahim Ismet. Also in the picture are the boys' mother and baby sister.

## 42 Battalion raise £55 for injured boy

ON 31st March last two young Cypriot brothers aged ten and twelve years accidentally collided with a stationary landrover of the 41st Irish Bn. The accident occurred when they were riding a bicycle in the Limnitis Yesilirmak area.

As could be expected from two little boys in such a situation their natural reaction was to leave the scene but this proved impossible as one of them had a fractured thigh. Both remained to face the music.

In the long hot months that have intervened this boy had to wear a plaster cast and carry a metal rod in his thigh. Hospital treatment has proved quite expensive and his parents, who are not wealthy, have received a bill for £37.

The 42nd Irish Bn took over from the 41st in the Morphou area and their O/C Lt Col P. J. Delaney was touched by the unhappy circumstances of the family. A subscription was raised and the Officers, NCO's and men of Bn HQ and HQ's Coy contributed £55. The hospital bill will now be paid and they hope in the near future to see the two brothers sally forth on a bigger and better bicycle.

We welcome the latest arrivals from Dublin Capt. Terry McNulty, C/S Bill Keating and Pte Pat Dowling who have replaced Capt. Mick Wright, C/S Barney Maguire and Pte Malachy McVeigh at Headquarters.

Congratulations to C.Q.M.S. Larry Houlihan on his promotion.

Chefen for det tabende KMP, MAJ J.K. Hansen, overrækker vandrepokalen i fodbold til anføreren for D-KMP, SG H.J. Johannesen.

# Matka - jaa muu kuumuus huipussaan

HEINAKUU ON MEILLE suomalaisille vanhastaan tuttu ja suomalaisille vanhastaan tuttu ja perinnäinen kesälomakuukausi. Se on myös kuukausi, jolloin keväällä saapuneet ovat ehtineet tutustua, mukautua ja pitkästyäkin Nikosian alueen suomiin näköaloihin. Lisäksi useimmat ovat alkutuhlauksen jälkeen ehtineet koota kassalip-paisiinsa riittävästi lomapäätöksiä pystyäkseen selviytymään tuosta näköaloja ja ilmanaloja muuttavasta kapitaalin tarpeesta.

Kun vielä muistamme, että "amiraali" on heinäkuuksi sallinut meidän limittävää lomaa niin kestänyt yhtä hyvin kuin tulevan osalta, ei liene epäilystä, että matkakuumee ei olisi huipussaan juuri nyt.

## MATKOJA KENIAAN JA KALNUUSEEN.

Väriä alkoi varsinaisesti pälväntasaajan tuolla puolen käyneiden palattua Sfariltaan leijonien yms. "villiheimien" metsästysmailta. Samalla koneella suuntasi siten 'kuvia' miksei muutakin kokenut' joukko koti-ikävän täyttämistä rauhansotureita kotilaitumille heinän tekoon. Ja par'aikaa heitä on Suomessa toinen mokoma 'kauraa kaatamassa'. Toivottavaa vain olisi, että heitä suosisivat samanlaiset heinäpoudat, jotka tekivät kotimaastamme Euroopan kuumimman paikan runsaan viikon ajaksi.

Kaiken vehreyden ja helteen keskelle sattui Helsingissä vierailemaan viikon aikana peräti kymmenkunta ulkomaista loistoluokan lomaristeilijää. Ja ainakin nuo tuloloin käyneet turistit tulevat ylistämään maattamme lomailijoiden paratiisina Tuli vain mieleen, että sietää kaikkien jatkuvasti hioa ja parantaa englannin kielen taitoaan, sillä sitä tullaan myöhemmin kotimaassa tarvitsemaan niiden kymmenien tuhansien turistien opastukseksi, jotka tulevaisuudessa nyt käyneitten houkutusten perusteella tulevat vierailemaan kauniissa, mutta kielitaitojen suhteen vielä varsin kehittymättömässä maassamme. Ja kyproksenkävijöinä meitä tullaan monasti kutsumaan apuun emmekä silloin saata munata itseämme, taidon puutteen vuoksi sillä sita on varmaan tullut 'kielimehinä' kehaistua kaikenlaista.

## MYÖS LAHIMAISIA PALJON NAKEMISTA.

Näiden melkein 'globetrottausluokkaa' olevien lentojen lisäksi ohjelmat näyttävät olevan mukavassa mallissa myös Israeliin, Libanoniin, Syyriaan, Jordaniin, Egyptiin ja muihin lähimaihin suuntautuvien matkojen suhteen. Lentokoneet tyytyvät ja suomalaiset suuntaavat matkansa Lähi-idän metropoleihin tuiki tarkeän levon ja virkistykseen lisäksi monastikin tarkoituksena tutustua tuhannensajayhden yön taruihin tadelisuu-dessa kuin muos suorittaa materiaali-hankintoja.

Ikävä vain harvemmin meillä on mielessä halu tutustua näiden paikaseutujen mielenkiintoiseen ja monipuoliseen historiaan tai kulttuuriin odotellessamme ajatus intoa tainnää Nikosian lentokentällä lahtokuulutusta ja H-hetkeä Ja kuitenkin juuri tämä osa matkustelemissamme muodostuu useimmiten antoisimmaksi, mielenkiintoisimmaksi ja halvimaksi.

## VALMISTAUTUMINEN TUOTATAA PARHAAT TULOKSET.

Parhaisiin matkailutuloksiin pääsemiseksi kehoitamme kaikkia, hankkimaan etukäteen tietoja k.o. maiden historiasta, maantiedosta, väestöstä, kasvi- ja eläinkunnasta yms. seikoista. Asia on helpoimmin hoidettavissa esim. kertamalla mielessä koulussa opittua, kyselemällä maissa käyneiltä tovereilta, muistelemalla päivän uutis-materiaalin perusteella saatavia tietoja, hankkimalla paikallisista matkatoimistoista asiaa koskevaa tietoa- ja esittelymateriaalia jne.

Hyvästä avusta olisivat myös aihetta käsittelevät kirjoitukset patalojoonan tiedotuslehdessä. Menneessä numerossa ollut, pastori Huiman kirjoittama, artikkeli on siinä suhteessa oivana esimerkkinä. Me-lehti näyttää kuitenkin ilmentävän berin harvoin. Tiedä sitten, onko vika 'sysissä vai seipissä'.

## KERROTTAVAA LAPSENLAUSILLEKIN.

Kunnollisen valmistautumisen suomin eväin suoritettu matka suomin eväin suoritettu matka muodostuisi näinollen elämykseksi jota ei hevillä unohda ja josta riittää kertomista niin kotikulman kavereille kuin lapsenlapsillekin. Eikä tämä havaintojen teko ja tie-

## NEWS IN FINNISH

tämyksen lisääminen koskeksi-nomaan lahimaita vaan suurelta osalta myös Kyprosta, josta meillä monella näyttää vielä mytkin olevan varsin hatara pea ja rajoitettu kuva.

Kaiken lisäksi kotimaassa olevat jaksavat tuskin kauaakaan kuunnella ruotuväkiäjoista tutuiksi käyneistä palvelus-, vartio- tms. tehtävistä tai kabareekierroksista, strip teasauksesta, jne sillä harva se meis, joka ei olisi tätä kaikkea kokenut tai nähnyt Helsingissä, Kööpenhaminassa tai Hampurissa.

## JOSSAIN JOHDOSKIN.

Mainittakoon vielä paatteeksi, että, vaikka me suomalaiset yleensä ja eritoten menneen yhdeksän kuukauden aikana, näyttämme olleen varsin kehittymättömiä ns. welfarealan tehtävien hoitamisessa, tunnumme olevan aloitteentekijöitä ja edelläkävijöitä nimenomaan matkailuasioissa.

Tämä kavi ilmi jo viime kesänä ja näyttää varsinkin viime aikoina jarjestettyjen Safari-, kotimaan-, omais- yms. matkojen johdosta. Kaiken lisäksi nyt, kun asioiden johtoon on asettunut uusi kokenut 'ruorimies' lienee syytä uskoa, että kehitys en kulkee parempaan päin myös tiedotus-, matka kustannus-, vuhdytys-, valistus- yms. asioiden osalta.

## Refugee settlement agreement is signed

Ten thousand refugees from the portuguese territory of Mozambique will be settled in Southern Tanzania under an agreement signed by the Office of the U.N. High Commissioner for Refugees, the Government of Tanzania and the Tanganyika Christian Refugees Service.

The new settlement will cost more than a million dollars over a three-year period.

By 1968, it is expected that sufficient land will be cleared and cultivated to permit refugees to support themselves. Tanzania is making available at least three acres per family unit and is supplying

goods and services valued at \$43,000.

During the first year, the United Nations Food and Agricultural Organization's "World Food Programme" will supply almost half a million dollars worth of commodities.

The High Commissioner's Office has been asked to contribute \$412,000.

The Lutheran World Federation which operates the Tanganyika Christian Refugees Service, and which will have the over-all operational responsibility, will give \$178,000 in cash and kind and contributions from other sources are estimated at over \$100,000.

## ARITHMETIC ROAD SAFETY

ARITHMETIC isn't everyone's cup of tea while and do a little mathematical doodling. The formula for a journey is equal to the Distance (D) divided by the Speed (S) —

$$T = \frac{D}{S}$$

Therefore, at 40 mph the time it takes to travel from Dhekelia to Famagusta for example (20 miles) will be:

$$\frac{20 \text{ miles}}{40 \text{ mph}} = 0.5 \text{ hours} = 30 \text{ minutes}$$

Now, 60 mph isn't so very fast on a good road with a GOOD vehicle and a GOOD driver, and 10 minutes is quite considerable.

BUT THINK A MOMENT. There are 8 minutes of 30 mph restricted areas in this particular area to maintain 60 mph at what speed must you travel over the next 16 miles or 12 minutes?

$$\text{Back to the sum: } T = 12 \text{ minutes}$$

$$D = 16 \text{ miles}$$

$$S = ?$$

∴ S = 80 mph for whole journey. DREAMS OF Grand Prix racing aside, IT WORTH YOU DO IT? CAN YOUR VEHICLE STAND UP TO IT FOR THE SAKE OF 10 MINUTES?

## DRIVE SAFELY

An Irish NCO, 28 year old Corporal William Hetherington died in hospital in England last week as a result of his injuries almost a month after this accident took place on the Famagusta/Dhekelia road. Another Irish soldier is still in hospital suffering from burns.

THIS KIND OF THING COULD HAPPEN TO YOU! TAKE CARE ON THE ROADS.

## Swedish Contingent News

From page 2

11i2 1922 i Stockholm och sedan våren 1962 medarbetare på TT:s radioredaktion. Efter studente-xamen och militärtjänstgöring i Strånt gnäs samt journalistpraktik har han varit verksam inom press och PR samt företagit reportageresor i Europa och till Brasilien.

Vi önskar vår nye redaktionsmedlem välkommen och hoppas på ett gott samarbete.

## Rotation av civilpolisens.

På torsdagen förra veckan avreste 17 civila poliser från Nicosia till sina resp. hemorter i Sverige. De ersattes av 25 kolleger som anlände till Nicosia Civil Airport på onsdagen. 15 plisser ur den närvarande styrkan har förnyat sina kontrakt och stannar ytterligare en period. Sammanlagt tjänstgör nu 40 civila poliser i UNFICYP.

Kommissarie Hans Lagerhorn kvarstår som chef och kan nu se tillbaka på en 16 månaders lång tjänst på Cypern.

## World food problem - new measures needed

A review of the world's food problem and of plans for tackling it was made in Rome recently by the Council of the United Nations Food and Agricultural Organization. There was general agreement among the members of the Council that bold new measures were needed if the less-advanced nations were to speed up their own economic development, and if the expanding world population was to be better fed or even adequately nourished.

In this connection, the Council recommended that the World Food Programme, now nearing the end of its initial experimental period, be extended. No new target figure was set to replace the original three-year \$100-million goal, but Governments were asked to give earnest consideration to a possible \$275 million in commodities, cash and services. The United States said it would contribute up to one-half of the total commodities pledged.

The Council also approved expansions in FAO's activities for 1966-67, and recommended a budget of \$47.7 million for the two-year period. This represents a 23 per cent increase over the present level of the regular programme. Among other actions taken by the Council was a decision to establish two new permanent bodies to deal with locust control in the Near East and Eastern Africa, and an agreement to make FAO the leading inter-governmental body in the field of fisheries, and in helping to conserve the wealth of oceans, lakes and rivers for the future.

FAO's Director-General, Mr. B.R. Sen, also announced the expansion of assistance to members in cooperation with the International Bank for Reconstruction and Development. Under a cooperative programme set up a year ago, some 60 missions had been arranged to help governments study problems in the field of food and agriculture, with the possibility of investment funds being available.

## ECONOMIC AND SOCIAL COUNCIL

## Land reform progress considered - still some difficulties

The U.N. Economic and Social Council continued to meet in Geneva last week.

Before it was a report on progress in land reform. It defined land reform as a means to distribute wealth, income, status and political power; in short, a revolutionary change in social structure.

The report indicated the problems of compensation in payments and rural employment, as among the major difficulties faced in land reform programmes. The United Nations, it said, is supporting such programmes by providing experts and advisers to more than 20 countries in Africa, Asia, the Middle East and Latin America, and by compiling basic data required for effective development planning.

A note by the Secretary-General, U Thant, which accompanied the report, emphasized the need for adequate training programmes to prepare for land reform. U Thant said such reforms could be disruptive and painful in their early stages and urged efforts to reduce to a minimum the effect of undesirable consequences.

## African Refugees

The Council also heard Mr. Felix Schnyder, United Nations High Commissioner for Refugees, report on the serious refugee problem in Africa.

Mr. Schnyder said that refugees from Rwanda presented a problem which overshadowed all others because of its scope. He noted that many African States accepted these refugees as well as refugees from such places as Mozambique, Portuguese Guinea, the Sudan and the Congo.

The solution to the problem lay in their integration among the local population of the countries which have accepted them, said the High Commissioner, and in their settling on land. His office, he said, was helping to establish rural settlement programmes and maintained constant cooperation with Governments, international organizations and voluntary agencies. But despite these efforts, Mr. Schnyder said, the widening scope of the problems demanded an increase in the cost of the current programme. He said it was now set at \$3.5 million and called on States to make an additional effort which is required by circumstances. (See story foot of col 3, page 4).

## Training, Research

Mr. Gabriel Darbousier, Executive Director of the Institute for Training and Research established early this year, also submitted a report to the Council.

The tasks which the Institute would undertake, said Mr. Darbousier, included a review of existing training schemes, and the administration of scholarships offered by governmental and non-governmental sources.

Mr. Darbousier said it was hoped that the Institute would develop into a global clearing house for existing facilities for training and research on national or regional levels.

## Danish Contingent News

From page 3

poollet ved Ledra Palace gratis stilles til DANCON raadighed. Nordisk Svoemmelandskamp udsættes nu til efter 15. aug., idet et andet svoemmerarrangement er kommet imellem.

Den 13. aug. afholdes der ved Ledra Palace et stort svoemmerstævne arrangeret af DANCON med deltagelse af canadere, finere, englændere, svenske samt os selv ikke at forglemme. Programmet indeholder 100 m crawl, 200 m brystsvømming, 300 m fri svoemning, 100 m rygsvømming, og 4x50 m stafet —fri svoemning. Hotelllets ledelse stiller kvit og frit bassinet til rådighed, samt det nødvendige materiel for afviklingen, og desuden bekoster hotelledelsen vindepokaler.

For de mere magelige og mavesatte arrangører en turnering i minigolf med een deltager fra hvert kontingent, dette afvikles samtidigt med svoemningen og ligeledes med en udsat pokal.

Udtagelse til DANCON svoemmerhold og deltagelse i minigolf vil finde sted snarest, og svoemmerne vil haa fornoeden træning inden stævnet, idet swimmingpoollet ogsaa til dette fo-maal er stillet til raadighed. Paa træningsøfteren er der gratis adgang for svoemmere, og til stævnet bliver entreen fri for alle. Altsaa .....Bøt Med Olmavesne, Igang Med Sporten.

**Top left:** One of the 6 Flight pilots, Captain Adrian Jardine. Captain Jardine, pictured here beside his Scout helicopter is no stranger to "Blue Beret's" pages - an ex Olympic sailor he has been having an unbroken run of successes in small boat races in Cyprus. **Top right:** Corporal Bryan Bane, REME of New South Wales spraying the fabric of a rebuilt Austler aircraft. **Above:** What is it? This rather Heath-Robinson looking affair is in fact the airframe of an Austler stripped down by the REME flight technicians for a major inspection and overhaul after 1600 flying hours.

## 6 Flight rotation

More than 900 hours flying logged during UNFICYP tour

Maj Keith Buchanan

Six Flight, under the command of Major Keith Buchanan, return to England next week at the close of their tour with UNFICYP.

The Flight has had a busy time in Cyprus — has flown the length and breadth of the Island many times and logged no less than 900 flying hours.

The Flight will become part of the Strategic Reserve in the UK and will be based at the Army Air Corps Centre at Middle Wallop.

21 Flight arrive on 5th August to assume UNFICYP duties.

### British Contingent News

## Ordnance task is busy and varied

IT is now two months since the Ordnance detachment personnel rotated and they have settled in well under the command of Capt Noel Smith, RAOC.

The task of the section is both a busy and varied one. It is divided into four departments consisting of the Transit section, POL section, Rations section and last but not least, the Bath section.

The transit section headed by chief storekeeper S/Sgt Bob Musgrave is responsible for the collection and distribution of stores which are obtained from the Famagusta Main Depot. In addition all items of UN clothing are stocked and accounted for by the section, which is also responsible for the provision of local purchase stores which can vary from map pins to dressing gowns for the Field Hospital.

The POL section consisting of Cpl Bryan Bennett and Ptes Terry Armstrong, Tony Glennon and Paddy McGoldrick provide a 24 hour service for the issue of POL, their motto being "We never close". Supporting them is Lcpl Jim Hinds who daily drives to Larnaca to collect 2,500 gals of petrol for issue to the UN units in and around Nicosia. In addition the section carries a stock of DDT and Kero and is responsible for maintaining stock of pre packed petrol.

The ration section of the detachment are responsible for checking ration indents prior to

submitting them to 4 Sup Depot at Dhekelia. A daily convoy under the command of Sgt David Sneddon leaves the HQ at 5 a.m. to deliver rations to U.N. units.

The Bath section under Sgt Edward McCarthy assisted by Lcpl Dave West and Pte Ed Seager tour the island with a 3 ton vehicle towing the bath equipment and a 3 ton water bowser providing showers for all United Nations units where bath facilities do not exist. Units are visited once every ten days and the section is able to put up eighteen showerheads ready for action in forty five minutes. The section spends seven days on tour and then three days in camp preparing for the next tour.

The general administrative work of the section is carried out by the chief clerk Sgt Pete Humphry assisted by Pte Mark Loosemoore.

The whole detachment is at the moment engaged in receiving and checking the stores left by the departed Irish 4 Inf Bn, and they have adopted the Beatles record — "8 Days a Week" as their signature tune.

## Crime prevention conference opens in Copenhagen

Ways of extending research in criminology in the developing countries, as a tool in improving over-all techniques for the prevention of crime and treatment of offenders, are being considered at an inter-regional meeting being held presently in Copenhagen under the auspices of the United Nations and the Government of Denmark.

The meeting, which will last until 31 July, will be followed by a study tour of criminal research facilities in Norway and Sweden, ending on 7 August.

Eighteen participants — mainly directors or senior staff members of institutes of criminology, or specialists of equivalent professional standing — are expected from 16 developing countries of Africa, Asia, Europe, Latin America and the Middle East.

The meeting and study tour will precede the Third Congress on the Prevention of Crime and the Treatment of Offenders, to be held by the United Nations in Stockholm, Sweden, from 9 to 18 August, and the conclusions and recommendations of the Copenhagen group will be summarized for presentation at the plenary session of the Stockholm Congress.

The Copenhagen meeting is the first United Nations inter-regional seminar to focus specifically on research in the field of social defence (which includes crime prevention, treatment of offenders, juvenile delinquency and related problems), and it reflects a growing recognition of the importance of basic studies, a background note sent to Governments indicates.

**New deal for teachers demanded**

IMPROVEMENT in the professional, social and economic status of teachers was called for in a report issued last week jointly by the International Labour Office and the United Nations Educational, Scientific and Cultural Organisation. This is included in the introduction to a draft recommendation concerning the status of teachers as drawn up by the two specialised organisations related to the United Nations.

The recommendation has been submitted to Governments for comments and is to be placed before a meeting of experts to be held next year in Geneva under ILO/UNESCO auspices.

The report stated that as demand for more and better education increased, the importance and standing of those teaching must be recognized.

The participants, together with United Nations specialists and other experts serving as discussion leaders, are exchanging views on common problems and research possibilities best suited to developing countries.

Among the specific topics being discussed are:

- Research into institutions for adult offenders, juvenile offenders and criminals.

- Criminal statistics as a source of research.

- Methods of research through case studies, as well as statistics.

- Possibilities for evaluating different types of correctional treatment, including pilot projects.

- Personnel requirements and training for research.

- Regional and international collaboration in criminological research, including dissemination of information. Mr. Karl O. Christiansen of Denmark, Associate Professor at the Institute of Criminal Science at the University of Copenhagen, is the Director of the seminar.

The meeting is being financed through a special Danish contribution to the United Nations Expanded Programme of Technical Assistance.

## General visits "Green Line"

On Thursday the Force Commander carried out an inspection of the "Green Line" within the Danish Contingent area. Pictured about (second from right) General Thimayya with Brig Macdonald (left) and Col. Bjoernshalt is talking to Maj Heuser, OC of 'A' Coy, DANCON.

## 121 Nations invited to land reform conference

U.N. Secretary-General, U Thant, and Mr. B.R. Sen, Director-General of the U.N. Food and Agricultural Organization recently extended an invitation to 121 governments to take part in a world land reform conference next June at FAO Headquarters in Rome.

According to a communication issued with the invitation, the conference will allow for a world-wide exchange of experience in land tenure problems and reforms which will be of particular benefit to the developing countries.

Earlier this month, the Social Commission of the U.N. Economic and Social Council, which is now meeting in Geneva, asked United Nations Members to participate in such a world conference to discuss vital and urgent problems connected with land reform.

## DOMINICAN REPUBLIC

# Security Council condemns human rights violations

The United Nations Security Council went on record this week in condemning gross violations of human rights in the Dominican Republic demanding they cease, and again stressing need for strict observance of the cease-fire called for in its resolution of May last.

The Council said it was necessary that it continue to watch closely over the situation and, therefore, the Secretary-General should continue to report developments in accordance with the Council's previous decisions.

The Council did not embody its views in a formal resolution. Instead, it endorsed a statement read out by its President for this month of July, Mr. Platon D. Morozov of the Soviet Union, summing up the consensus which had emerged from the past week of debate.

The President's statement noted that the reports of the Secretary-General had testified to the fact that violations of the cease-fire called for by the Council resolutions adopted in May had taken place. It added that the Council's attention had also been brought to acts of repression and other violations of human rights, and to the deteriorating economic situation in the Dominican Republic.

In concurring with the Council President's summation of the consensus of the Members, U.S. Ambassador Charles Yost said he nevertheless felt that emphasis should be given to the work of the Organization of American States. Through the Inter-American peace force and its other agencies on the spot, he said, the O.A.S. was diligently pursuing its efforts to effect a political settlement acceptable to the Dominican people as a whole. And, he added, the Council well knew that progress was being made in this direction.

Ambassador Morozov, speaking as representative of the

Soviet Union, said he could not accept the interpretation of the United States. He reiterated his Government's view that it was the armed intervention of the United States, under the guise of action by the regional organization, which lay at the root of the trouble. No such action, he declared, had been authorized by the Security Council. It was absolutely necessary, he maintained, that all U.S. and other foreign troops be withdrawn from the Dominican Republic, and that the Dominican people be allowed to decide their own destiny.

Following the reading of the consensus of the Council as agreed to by its Members, the President said that, in accordance with past practice, the Council should be reconvened to discuss the situation in the Dominican Republic whenever any Member so requested or when the President might consider it necessary.

The series of debates on the Dominican Republic which ended on Monday began last week after a lapse of about a month.

Attention was focussed on recent reports of the Secretary-General, based on information received from his Representative in the Dominican Republic, Mr. Jose Mayobre, and on reports made available by the O.A.S.

The Secretary - General stressed that economic activity in the Dominican Republic was at a virtual standstill and an early political solution was essential to counter the deteriorating situation. His report also referred to violations of the cease-fire. A generally quiet situation was being maintained in the capital city of Santo Domingo. The situation in the provinces he described as explosive, attributing this to the worsening of the economic situation, the ineffectiveness of civilian authority, and to military and police repression.

Spokesmen for both General Imbert's "Government of National Reconstruction" and for the "Constitutionalist Government" of Colonel Caamaño called for the withdrawal of U.S. and other military forces from the Dominican Republic. The United States maintained that this would simply lead to a new and bloody outbreak of civil war.

## New U.S. Representative named by Johnson

JUSTICE Arthur J. Goldberg of the United States Supreme Court, was named last week by President Johnson to the post of Permanent Representative of the United States to the United Nations, succeeding the late Adlai Stevenson.

In making the announcement, President Johnson said "it is fitting we ask a member of our highest court to relinquish his office to speak for America

before the nations of the world".

Prior to his appointment to the Supreme Court, Justice Goldberg was Secretary of Labour under the late President Kennedy.

Mr. Francis Plimpton, Acting U.S. Representative to the U.N., announced the appointment of Justice Goldberg to the U.N. Security Council as it met to consider the situation in the Dominican Republic.
