

# Annex A

*Letter of Agreement among nine ministries dated 25  
August 2013*

**THE LETTER OF AGREEMENT**

**BETWEEN**

**MINISTRY OF INTERIOR (MoI)  
&  
THE ATTORNEY GENERAL'S OFFICE (AGO)  
&  
MINISTRY OF LABOUR, SOCIAL AFFAIRS, DISABLED AND MARTYRS  
(MoLSAMD)  
&  
MINISTRY OF JUSTICE (MoJ)  
&  
MINISTRY OF EDUCATION (MoE)  
&  
THE SUPREME COURT  
&  
MINISTRY OF PUBLIC HEALTH  
&  
MINISTRY OF WOMEN'S AFFAIRS  
&  
NATIONAL DIRECTORATE OF SECURITY**

The Ministry of Interior (MoI), the Ministry of Labor, Social Affairs, Disabled and Martyrs (MoLSAMD), the Office of the Attorney General (AGO), the Ministry of Justice (MoJ), the Supreme Court, the Ministry of Public Health (MoPH), the Ministry of Women's Affairs (MoWA), and the National Directorate of Security (NDS) hereby agree to support action to pilot "Referrals and Cooperation between Social Workers, Police Officers, Prosecutors, and Judges" at province and district level in line with the requirements as stipulated in the Juvenile Code.

**GOAL:**

The overall goal of the partnership is to contribute to a child-oriented and right-based juvenile justice system that respects children's rights and best interests; prioritises their rehabilitation and reintegration based on the individual child's needs and circumstances; and ensures that detention and custodial sentences are used only as a last resort and for the shortest period of time.

**OBJECTIVES:**

Specific objectives of the partnerships are:

- 1) To facilitate implementation of Article 2, 8, 11, 17, 20, 33, 34 and 35 of the Juvenile Code stipulating the critical role of social workers in complementing the work of police and prosecution at the stage of arrest and investigation of a case;
- 2) To develop an official mechanism to ensure the implementation of "*social inquiry reports*" (i.e. the "Beijing Rules" Rule 16, Juvenile Code Article 17) for children coming into conflict with the law by establishing a referral system between local social workers and Police in charge of juvenile matters.

**AMENDMENT:**

For any amendment of the Letter of Agreement (LoA), prior written agreement among the nine parties will be mandatory.

**RESPONSIBILITIES:**

Specific responsibilities of each party are described below.

**MINISTRY OF LABOUR, SOCIAL AFFAIRS, DISABLED AND MATYRS (MoLSAMD)**

MoLSAMD, as the lead agency of provincial Child Protection Action Networks (CPAN)<sup>1</sup>, shall:

1. Appoint a senior level official authorised to represent MoLSAMD in the LoA National Working Group.
2. Instruct DoLSAMD directors to provide the required support to implement the LoA at provincial level.
3. Ensure that there are enough trained and accredited social workers in provinces to meet the needs of children in contact with the law. Ensure that social workers are both male and female and that there is a clear job description in place for each social worker.
4. Provide the necessary logistical and financial resources to social workers to enable them to undertake their responsibilities to complete the *social inquiry report* individual care and reintegration plans.

<sup>1</sup> In line with the National Strategy for Children at Risk (NSFCAR), MoLSAMD, with support of UNICEF, initiated the establishment of Child Protection Action Networks (CPANs) in 2007, mandated to prevent and respond to child protection violations at provincial level. Chaired by DoLSAMD, CPANs are comprised of representatives of both governmental and non-governmental organizations. As of 2009, there are 28 provincial CPANs, and 32 district CPANs.

5. Ensure that the staff person responsible for CPAN at DoLSAMD, in consultation with CPAN members, **prepares and submits a list of trained social workers locally available** in the respective province (*Social Worker Contact Sheet*) to **provincial police headquarters and to district police stations where there is a CPAN liaison officer and ensure that it is regularly updated and any changes promptly communicated to provincial police headquarters;**
6. Ensure that **trained social workers<sup>2</sup>**, listed on the provincial *Social Worker Contact Sheet*, **promptly act upon requests by the police** and prepare *social inquiry reports* in line with agreed timescales (ideally within 7 days following the child's arrest).
7. Ensure that CPAN closely **monitors** the use and effectiveness of *social inquiry reports* in the respective province by collecting data on their implementation and **reports to central MoLSAMD offices in their monthly monitoring reports** as well as to the LoA National Working Group.
8. **Conduct periodic reviews** of the forms currently used for *social inquiry reports* and propose any necessary changes to the signatories of this Letter of Agreement;
9. **Assign social workers to work alongside police of the Juvenile Justice Units of the Criminal Investigation Units at provincial police headquarters** to provide support in the assessment of cases and ensure prompt completion of *social inquiry reports* when required;
10. **Lead on policy advocacy to institutionalize "Referrals between Social Workers, Police Officers and Prosecutors"**, particularly by using the experiences and lessons learnt documented by provincial CPANs.
11. Provide suitable shelter accommodation and psychological support to children after release from JRCs in cases where children's families or guardians are unknown or families or guardians refuse to receive their children.

#### **MINISTRY OF INTERIOR (Mol)**

The Ministry of Interior (Mol) shall:

1. Appoint a senior level official authorised to represent Mol in the LoA National Working Group.
2. Instruct Mol provincial Police Commanders and Juvenile Police Units to provide the required support in implementing the LoA at provincial level.
3. Ensure both male and female Juvenile Police trained in child rights are present in all provinces and that there is a clear job description in place for each juvenile police officer.
4. Ensure that the Juvenile Police disseminate the messages of child rights to their colleagues and report any child rights abuses to the Mol Police Ombudsperson.

---

<sup>2</sup> Or where not available care workers

5. **Appoint CPAN liaison police officers in the police headquarters and district police stations** (particularly those of highly populated districts) of all provinces with CPAN presence;
6. **Ensure timely compilation and submission of the list of CPAN liaison police officers to the respective provincial CPANs.** This list needs to be regularly updated and any changes promptly communicated to the provincial CPAN;
7. **Ensure prompt dissemination of the Social Worker Contact Sheet** from provincial police headquarters to all CPAN liaison police officers at district police stations;
8. **Ensure that Police inform the family, guardians or appropriate adult of the child within 24 hours of arrest and ensure that the family, guardians or appropriate adult are present during all interrogations of the child.**
9. **Instruct district police to immediately request the support of a trained social worker listed in the provincial Social Worker Contact Sheet when responding to cases involving children;**
10. **In those provinces where there are Juvenile Justice Units of the Criminal Investigation Departments (CID) ensure close cooperation of police with social workers assigned to them;**
11. **Ensure submission of social inquiry reports prepared by trained social workers listed in the provincial Social Worker Contact Sheet to the relevant prosecutor's office for their consideration within 14 days;**
12. **Ensure CPAN liaison police officers are trained in child protection and attend monthly district and provincial CPAN meetings in the respective province;**
13. **Regularly and systematically compile statistics of the arrest of children and outcomes, together with the police response to cases involving children in contact with the law on a monthly basis to the LoA National Working Group**
14. **Implement a policy on diversion for children who have committed a first time offence and/or in obscenity or misdemeanor cases as defined in the Juvenile Code 2005. .**
15. **Ensure that age determination is carried out by the Ministry for Public Health on the recommendations of the Social Worker who has completed the social inquiry report.**
16. **Support police, prosecutors and Judges by undertaking timely and impartial age verification of children referred to the newly established DNA test center at center and zone levels.**

#### **THE ATTORNEY GENERAL'S OFFICE (AGO)**

The Attorney General's Office (AGO) shall:

1. Appoint a senior level official authorised to represent AGO in the LoA National Working Group.
2. Instruct AGO provincial directors to provide the required support in implementing the LoA at provincial level.
3. Ensure that all prosecutors are trained in child rights in general and the Juvenile Code 2005 in particular.
4. Ensure that there are enough trained juvenile prosecutors in the provinces to meet the needs of children in contact with the law and ensure that these juvenile prosecutors receive juvenile cases from only the district prosecution units and refer to the Juvenile Court if necessary.
5. **Ensure that district/provincial prosecutors receive *social inquiry reports* on all children's cases** from a trained social worker listed in the provincial "*Social Worker Contact Sheet*".
6. **Ensure that district/provincial prosecutors give *due weight to social inquiry reports*** while investigating children's offences and establishing their cases.
7. **Ensure that district/provincial prosecutors discuss the case with the social worker** who prepared the *social inquiry report* before making a legal decision about the juvenile case.
8. **In those provinces there are Juvenile Justice Units of the Criminal Investigation Departments (CID), ensure that juvenile prosecutors are available to consult on juvenile cases with the police of the Juvenile Justice Units (CID) and their social work colleagues assigned to these units.**
9. **Regularly and systematically compile statistics** on all children in contact with the law and also on related actions taken by prosecutors and report these statistics monthly basis to the LoA National Working Group...
10. **Fully support the implementation of a policy to divert children who have committed first time offences and/or accused of obscenity away from the formal court process**, building on Articles 20 and 21 of the Juvenile Code.
11. Ensure that the central AGO promotes the use of diversion by district and provincial prosecutors and supports cases where it has been recommended.

#### **MINISTRY OF JUSTICE (MoJ)**

The Ministry of Justice (MoJ) shall:

1. **Appoint a senior level official authorised to represent the MoJ in the LoA National Working Group.**
2. **Instruct MoJ provincial directors to provide the required support in implementing the LoA at provincial level.**

3. In addition to those persons mentioned in Article 39 of the Law on Juvenile Rehabilitation and Correction Centers, **ensure the free and direct access of trained social workers of MoLSAMD and child protection service organisations to the Juvenile Rehabilitation Centers (JRC) for case follow-up and completion of social inquiry reports.**
4. Ensure that there are adequate funds, resources and numbers of staff allocated to maintain a healthy and safe environment for children in the JRCs in line with international juvenile justice standards. Ensure that JRC staff are trained and have clear job descriptions.
5. **Provide social workers with all necessary supports so that they can prepare individual care and reintegration plans for children placed in the JRCs.** This includes sharing with social workers all information relating to the child available to the JRC;
6. **Regularly and systematically compile statistics on the children in contact with the law in JRCs and report these on a monthly basis to the LoA National Working Group .**
7. **Provide defense attorneys with all the necessary support including access to records, the social inquiry report and physical access to JRCs in order that they can represent children detained in JRCs to ensure that detention is used as a last resort.**
8. Ensure that there are adequate programmes and trained male and female staff to promote the rehabilitation and psychological wellbeing of all children detained in JRCs.
9. Ensure that there are adequate links with the families and communities of the children detained in JRCs during their detention.
10. Ensure that JRCs prepare fully for the reintegration of children into the community before authorizing the release of the child and that children are released to only to approved family members or guardians

### **MINISTRY OF EDUCATION (MoE)**

The Ministry of Education (MoE) shall:

1. Appoint a senior level official authorised to represent MoE in the LoA National Working Group.
2. Instruct MoE provincial directors to provide the required support in implementing the LoA at provincial level.
3. Provide trained and qualified male and female teachers to educate the children detained in JRCs to the same standard as in schools in the community. Ensure that these teachers have clear job descriptions and are informed of their duties and curriculum responsibilities. Provide textbooks and teaching materials to the children detained in the JRC to facilitate their education.

4. Ensure that teachers within JRCs facilitate the coordination of the reintegration of children from JRCs back into the schools in their communities and that they monitor their attendance for 6 months following release.
5. Provide **social workers with access to a child's educational and school records** in order to write *social inquiry reports*.
6. Provide **social workers with all the necessary support and access to enter any school or education facility** relating to a child in conflict with the law and provide **assistance and facilitate any meetings with staff at the facility**.
7. **Cooperate with any requests for information pertaining to a child's age, degree of psychological development, character and aptitude, educational level and any other information that would be required in order to complete a social inquiry report including any other information that can affect detention and sentence.**
8. Regularly and systematically compile statistics on the children who have had contact with the law in schools and report these on a monthly basis to the LoA National Working Group.

#### **THE SUPREME COURT (SC)**

The Supreme Court (SG) shall:

1. Appoint a senior level official authorised to represent SC in the LoA National Working Group.
2. Instruct all Judges to provide the required support in implementing the LoA at provincial level.
3. Ensure that all Judges and members of the Juvenile Court are trained in the Juvenile Code 2005 and the LoA.
4. Ensure that Judges only consider juvenile cases that have been referred by the juvenile prosecutor's office.
5. Instruct all Judges, when receiving a child's case, to check the file for inclusion of a ***social inquiry report***. As with other incomplete files (Article 30, Juvenile Code), those missing a *social inquiry report* should be returned to the respective juvenile prosecutors for completion.
6. Ensure that Judges give ***due weight*** to the recommendations made in the ***social inquiry reports*** when making a decision on a case.
7. Ensure that no child's case is heard without the presence of their defense attorney.
8. Ensure that the social worker who has prepared the *social inquiry report* is given the opportunity to provide testimony during the court hearing.

9. Develop programmes and implementation mechanisms that will enable judges to use alternative sentencing options as per Article 35 of the Juvenile Code 2005.
10. Regularly and systematically compile statistics on all children who have their cases heard in all three tiers of the court and report these on a monthly basis to the LoA National Working Group

#### THE MINISTRY OF PUBLIC HEALTH (MoPH)

The Ministry of Public Health (MoPH) shall

1. Appoint a senior level official dully authorized to represent MoPH in the LoA National Working Group.
2. Instruct provincial Directors of Health to provide required support in implementation of the LoA at provincial level.
3. Provide regular and on-going medical care including medical supplies to children in contact with the law when necessary at arrest stage and in the JRCs.
4. Conduct an impartial, non-intrusive and child-sensitive medical assessment of all children on entry to a JRC.
5. Conduct a health and hygiene assessment of JRCs on a quarterly basis including an assessment of the physical environment, food and hygiene practices. Assist in ensuring JRCs meet the necessary international standards of health and hygiene for the children.
6. Provide health and hygiene assessments of National Directorate of Security detention centers and provide medical care to children detained there.
7. Support police, prosecutors and Judges by undertaking timely and impartial age verification of children referred to forensic medicine.
8. In the cases the health care centers do not have the facilities for providing free health services, the treatment costs of child shall be paid by JRC or the family of the child, in case of ability.
9. Regularly and systematically compile statistics on the children in contact with the law who have received medical check-ups, treatment or age-verification and report these on a monthly basis to the LoA National Working Group.

#### MINISTRY OF WOMEN'S AFFAIRS (MoWA)

The Ministry of Women's Affairs (MoWA) shall:

1. Appoint a senior level official dully authorized to represent MoWA in the LoA National Working Group.
2. Instruct provincial Directors of Women's Affairs (DoWA) to provide required support in implementation of the LoA at provincial level.
3. Provide suitable shelter accommodation and psychological support to children after release from JRCs in cases where children's families or guardians are unknown or families or guardians refuse to receive their children.
4. Regularly and systematically compile statistics on female children in contact with the law and report these on a monthly basis to the LoA National Working Group.

### **NATIONAL DIRECTORATE OF SECURITY (NDS)**

**The National Directorate of Security (NDS) shall**

1. **Appoint a senior level official dully authorized to represent NDS in the LoA National Working Group.**
2. **Instruct provincial NDS Directors to provide required support in implementation of the LoA at a provincial level.**
3. **Guarantee that no child is arrested or detained illegally or arbitrary by NDS.**
4. **Provide lawyers with unfettered and private access to the children in NDS detention.**
5. **Guarantee that all children arrested or detained by the NDS are allowed access a trained social worker listed in the provincial *Social Worker Contact Sheet* in order to assist them in solving their problems, and their protection and reintegration to their families.**
6. **Guarantee that all children detained in NDS detention centers are treated according to international juvenile justice standards in line with the Convention on the Rights of the Child.**

### **7. General Provisions**

**10.1 This Letter of Agreement is enforceable upon signature of all 9 parties. The parties to the LoA reserve the right to amend the provisions of this LoA by unanimous consent.**

**10.2 By signing this letter the parties hereby confirm their approval, agreement and support to this Letter of Agreement.**

**10.3 This Letter of Agreement is enforceable pursuant to the prior six parties Letter of Agreement and shall continue till the time the parties require.**

# Annex B

*UNAMA Rule of Law's Questionnaires dated September  
2015 & January 2016*

## **Questionnaire on the living conditions of juveniles in Afghanistan's Juveniles Rehabilitation Centers**

### **I. General Background**

- **Number of juveniles in pre-trial detention?**
  - **Male**
  - **Female**
- **Number of juveniles in post-trial detention?**
  - **Male**
  - **Female**
- **Are there separate facilities for pre and post-trial detentions?**
- **Range of ages**
  - **Under 7**
  - **7-12**
  - **12-18**
  - **Over 18**
- **Reasons for detention**
  - **Security-Related offences**
  - **Sexual violence, including rape**
  - **Murder**
  - **Assault**
  - **Theft**
  - **Adultery**
  - **Other**

### **II. Management of facilities**

- **Records**
  - **Are individual files maintained relating to each juvenile's legal, medical, treatment, and disciplinary proceedings?**
  - **How is confidentiality maintained?**
    - **Locked office**
    - **Locked file**
    - **Safe or vault**
    - **Sign in/sign out procedures**
    - **Other**
- **Admission, registration, movement, and transfer**
  - **Are copies of the commitment order maintained?**
  - **Is there a register or record of each juveniles that provides information relating to:**
    - **Identity of juvenile**

- Reasons for commitment
- Day and hour of admission, transfer, and release
- What is the proportion of (recidivists) repeat offenders?
- Have the repeat offenders (recidivists) been convicted for similar offences?
- Notifications to parents or guardians for every admission, transfer, and release
- Any known physical or mental health problems, including drug and alcohol abuse
- Upon admission, are juveniles provided with a copy of the facility's rules and written description of rights in a language they understand, including the address complaints may be filed?
- Is an Inventory prepared of any possessions confiscated from juveniles upon admission?
- Does the facility arrange for transport of juveniles at government expense?
- Classification and Placement
  - Following admission, are juveniles interviewed? When?
  - Is any psychological or social report prepared to help determine the type and level of care required?
  - Is the JRC director advised of any requirement for specialized care?
    - How are requests for specialized care handled?
    - Are there any instances when specialized care was provided? Describe
- Physical environment and accommodation
  - How many bedrooms?
    - Male
    - Female
  - How many juveniles per room?
    - Individual room
    - Dormitory style
  - Is bedding provided?
  - How often is bedding cleaned/changed?
  - Is there space for juveniles to store personal effects?
  - How big are the rooms? (Measure rooms in sq. meters to assess compliance with ICRC requirements. For this purpose, please measure the length and width (in meters) of each bedroom and then multiply the two numbers together to obtain the square meters for each bedroom. Add the total number of square meters together, and record the total combined square footage of all available bedrooms in the attached worksheet.)
  - Do the rooms provide sufficient natural light and air?

- Can a person read by natural light? (Total size of the window and openings in a cell should be no less than 10% of the floor space - ICRC page 37).
  - Can a juvenile open the window?
- Number of sanitary facilities
  - Male
  - Female
  - How many showers/baths available?
  - Are facilities clean?
  - How often are facilities cleaned?
- What recreational or leisure time facilities are available?
  - Is there free time for recreation?
  - Is there adequate space for exercise/sports?
  - Are there any facilities for entertainment/leisure (movies, games, etc).
- What fire safety systems are available?
  - Alarms
  - Marked emergency exits
  - Regular drills
- Clothing
  - May juveniles use their own clothing?
  - Is clothing suitable for climate?
- Food and water
  - How many meals are served?
  - What time are meals served?
  - Are food preparation areas clean?
  - If possible, obtain sample menu.
  - Is water regularly available?
- Education, vocational training, and work
  - Do juveniles have access to education?
    - In community schools? If yes, how many?
    - In JRC? If yes, how many?
    - Are degrees or certificates obtained?
      - How many in past year?
      - Is there access to a library?
      - Is the library stocked with instructional and recreational books suitable to juveniles? How many?
  - Do juveniles have access to vocational programs? Describe opportunities.
  - Do juveniles have access to compensated employment? Describe opportunities.

#### Religion

- Do juveniles have access to religious instruction?
- Are religious representatives allowed to visit JRC? How often?
- Notification of illness, injury and death
  - Do JRC authorities notify families or guardians of any requests or changes in the juvenile's medical condition, including death?
  - How many notifications have been sent in the past year?
- Contacts with wider community
  - Do juveniles have access to the outside world?
  - May they communicate with friends or family?
    - How many phone calls are allowed?
    - How many letters are allowed?
    - May they visit with family or friends?
    - Do the JRC authorities ensure regular contacts of the detained juveniles with their families?
    - How frequently are visits allowed?
    - How many persons are allowed to visit?
    - And in the event that a juvenile does not receive visitation from close family members, what does the JRC authority do to ensure the contact is established?
  - Do juveniles have access to newspapers, periodicals, radio, and television?
- Limitations on physical restraint and use of force
  - Has the facility resorted to the use of physical restraints or force in the past two years?
    - How often?
    - Describe circumstances
  - Are personnel allowed to carry weapons?
- Disciplinary procedures
  - What disciplinary measures are used to enforce rules?
  - Are juveniles placed in solitary confinement or dark cell?
  - Are juveniles subjected to physical beating?
  - Are juveniles placed on reduced diets?
  - Are juveniles restricted from family contact?
  - Are juveniles subjected to increased labor?
- Inspections and complaints
  - Are inspections conducted?
    - By whom?
    - How frequently?
    - Are reports generated?
  - Are juveniles able to submit complaints to the Ministry or other government officials outside the JRC?

Return to community - (Re-Integration and After-care services):

- Is there any program for community re-entry? Describe
- How many juveniles have been subject to early release in the past year?
- When juveniles are released, what services are provided to assist in re-entry?
  - Housing
  - Clothing
  - Employment
- Social welfare workers are very important entity in the delivery of Juvenile Justice - does every juvenile have a Social Inquiry Report (SIR) filed in their records?
- Who takes charge of the juvenile on release date?
- Upon their release from the JRCs, are there follow-ups of their progress in the society?
- If yes, who does the follow-up tasks - commonly known as After-care services?

### **III. Personnel**

- **How many staff and what categories of specialized staff?**
  - Administration
  - Guards
  - Counselors
  - Educators
  - Vocational Instructors
  - Psychiatrist or psychologists
- **For each category, what is the nature of their employment?**
  - Full-time
  - Part-time
  - Volunteer
- **For each category, what is the ratio of male to female staff?**
- **What, if any, training do staff receive? Provide dates and titles of any training programmes provided to staff over the past three years.**
- **What are the director's qualifications?**
  - Academic degrees
  - Professional experience
  - Prior administrative/management experience
  - In service training
  - If possible, obtain copy of CV

To: UNAMA Regional JAFI

From: Samuel Wambui, OIC, RoL for Michael Halimani, Head of RoL, HQ & ARUJ

Subject: "Juveniles" Medical Services Survey.

Date: 17 September 2015

Dear All,

Afghan juvenile detention and correction centres are managed by the Juvenile Rehabilitation Department under the Ministry of Justice (MoJ) whereas adult detention facilities are managed by the Central Prison Department (CPD) under the Ministry of Interior (MoI). Historically, the CPD was under the MoI, until 2003 when it was transferred to the MoJ, as that Ministry was seen as a more "neutral" authority. In 2009, the Ministry of Public Health (MoPH) agreed with the MoJ, through a Memorandum of Understanding (MoU), to provide medical personnel to the MoJ prisons, detention centres and JRD needs. When in 2012 the CPD (adult prisoners) was transferred back to the MoI due to MoI being able to provide better security (and LOTFA funding), the JRD remained with the MoJ. However, the MoPH continues to provide health care to JRD's juveniles although juvenile health care does not have a specific budget line allocation. It is believed that the 2009 MOU with MoPH still stands in the case of the JRD.

The Minister of Justice, Abdul Basir Anwar, has during several meetings with UNAMA RoL, expressed a keen interest in the state of JRCs across the country. Once we have inspected and established the state of JRCs and the main recurring problem areas, UNAMA RoL HQ will be in a position to approach the Ministry of Justice (and other concerned Ministries) with a view to resolving the major issues in anticipation of assisting the Government to provide enhanced health care to its juvenile population.

We need each of the RoL teams to make an inspection of each Juvenile Rehabilitation Centre in their region to survey the provision of medical services in line with the questions detailed below.

The deadline for this task will be **COB Sunday 1<sup>st</sup> November 2015**.

During the survey, it will be a good idea to speak to not only the JRD staff but also the juveniles themselves – especially with regard to sanitation, food (quantity and quality), access to health care, routine medical inspections, outbreaks of disease, illness and death.

**Please note the following domestic legislation –**

**Article 11, 17, 19 & 20 of the Law on Juvenile Rehabilitation and Correction Centres**

Art. 11(4) Ministry of Justice is responsible to adjust the existing buildings of the Juvenile Rehabilitation and Correction Centers with taking into consideration of the Islamic values and UN standards.

Art. 17(1) The authorities of the Juvenile Rehabilitation and Correction Centers are responsible to furnish/equip the relevant open and closed centers with proper health materials and keep its environment clean and hygiene.

Art. 19(1) The authorities of the Juvenile Rehabilitation and Correction Centers, in cooperation with Ministry of Health, are responsible to provide free health services, to suspected, if accused and confined children.

Art. 19(2) If the sick child mentioned in Item (1) of this Article cannot be treated in the Juvenile Rehabilitation and Correction Centers, the authorities of the correction centers\ shall transfer him/her, recommended by the responsible doctor, to a proper hospital outside the center and inform the relevant Attorney General's Office on their taken action. The authorities of the juvenile correction center are responsible to undertake necessary precautionary measurements, in cooperation with police to ensure the security of the sick child.

**Art. 20 (1) To respect the health regulations and sanitation, the assigned doctor in the Juvenile Rehabilitation and Correction Centers is responsible to control the daily food, check the living rooms and provided services of the suspected, accused and confined children at least twice week.**

**(2) The contagious diseases sick patients shall be kept in the special areas, separated from other children...**

#### **And additional UN guidance documents-**

**United Nations Standard Minimum Rules for the Administration of Juvenile Justice ("The Beijing Rules")**

<http://www.unrol.org/files/UNAdminofJJUSTICE.pdf>

**International Convention on the Rights of the Child**

<http://www.ohchr.org/en/professionalinterest/pages/crc.aspx>

#### **Questions for UNAMA RoL Medical Services Survey**

1. Are there functioning medical facilities at your JRCs? Please describe these facilities.
2. How many staff are there?
  - a. What are their designations?
  - b. How many are permanent
  - c. How many are temporary/part-time?
  - d. What qualifications do they have?
3. Is there a qualified medical doctor employed by the MoJ/JRD authorities?

5. Are the equipment, medical and pharmaceutical supplies adequate for the provision of medical services to the JRCs?
6. Is there any collaboration between the JRC authorities and the local public health department?
7. Is a physical and mental inspection/checkup/interview done on each juvenile on initial admission to the Centre?
8. Are routine monthly medical checks done on each juvenile?
9. Do juveniles have access to
  - a. Dental services
  - b. Psychiatric care
  - c. drug detoxification and rehabilitation
10. Describe the procedure for a juvenile to complain of illness and receive treatment.
11. In serious cases, where the clinic (if there is) is inadequate, what do the JRC authorities do?
12. Is there a full-time JRC ambulance available?
13. Does the JRC have ante-natal and post-natal medical services available for female inmates?
14. Does the medical officer conduct regular inspections of food, sanitation, living conditions etc. for juveniles and does he/she report findings to the Director?
15. Have there been any outbreaks of disease at the JRC in the last ten years?
16. Is there an isolation facility or room for patients suffering contagious diseases?
17. Have there been any deaths at the JRC in the last five years and if so, what were the causes?
18. Describe the general state of the buildings and equipment (toilets, kitchen, light, ventilation, heating systems, etc.) in the JRC
19. Are there recreation facilities? If so, describe.

In addition, please make general remarks describing the major failings/problems/challenges facing the JRCs in the provision of medical services.

Reporting:

1. You may put, during the upcoming weeks reports on meetings, *etc.*, regarding the above, into your weekly reports UNDER the Corrections/JRCs subsection. **HOWEVER,**
2. **On or before 1 November 2015, please do a separate report, answering all the questions using the format 1-19, and send that to all PJCM and to Ali Hesarnaee (copy both George Okumu and Kioko Kamula) here at HQ for compilation.**

Thank you.

# Annex D

*Protocol for the provision of health services between the  
Ministry of Justice and the Ministry of Public Health  
dated April 2009*

# *Prisons Health Service Protocol between the Ministry of Justice and the Ministry of Public Health*

The Ministry of Public Health (MoPH) has developed a Prisons Health Service Strategy to improve the health of all prisoners, including juveniles and young children who live with their mothers in prisons, through the provision of health services. The health facilities are accessible only by prison staff. *[NB This last sentence is taken to mean that the health services are also available to prison staff while they are on duty.]*

The health services provided will be basic but comprehensive. The Prisons Health Service Strategy covers the following issues:

- 1. Prevention**
- 2. Epidemiological Observations**
- 3. Treatment Services**
- 4. Professional Health Services**
- 5. Control and Treatment of Communicable Diseases (eg TB and HIV)**
- 6. Mental Health**
- 7. Disability**
- 8. Special Issues relating to prisons**
- 9. Ante and Post Natal Healthcare**
- 10. Child Immunization and Health**
- 11. Services for Drug Addicts (Drug Demand and Harm Reduction)**
- 12. Supply of Essential Drugs**

The Prisons Health Service Strategy will be implemented either by the MoPH or the NGO's to which it has contracted-out the provision of health services. The Strategy, which will be effective from 1<sup>st</sup> April 2009, will also cover juveniles at the Juvenile Education Centre.

The Prisons Health Service Package describes the level and type of facilities and how the services will be delivered, as well as the required resources infrastructures, drugs, and Human Resources. 23 small/medium-sized prisons will receive a basic health service (BHS) and 11 medium/large prisons will have a comprehensive health

service (CHS). Pol-e-Charkhi will also have a small hospital. The Prisons Health Service Package will be integrated into the MoPH Health Service Package; and it will be funded by the donors who fund the MoPH.

CPD' Health Unit, which also covers Detention Centres relevant to the Ministry of Justice (MoJ), is responsible for monitoring the health service and not for delivering it. In general, health services will be provided by the MoPH or the NGO's it has contracted. CPD's Health Unit will be responsible for monitoring the health service and it will report to CPD's Director General. This Protocol replaces the previous Protocol, which was signed between MoPH and MoJ for the treatment of prisoners in 2006.

### **MoPH Responsibilities**

- Providing health services based on MoPH policy
- Examining all new prisoners and preparing confidential health files on them, identifying whether either they have a chronic disease or one that needs immediate diagnosis and treatment
- Preparing health files for all prisoners who have a serious health condition or who are sentenced to prison for more than one year; these files will only be accessible to the staff of MoJ, MoPH and contracted NGOs
- Supplying furniture, equipment and other necessary items for the health facilities
- Supplying and distributing drugs in accordance with the Prisons Health Service Package
- Hiring professional staff and paying their salaries and allowances
- Contracting NGO's if there is a need for 'contracting-out'
- Monitoring the health services and providing reports to MoPH, MoJ and donors
- Recording prisons health service information in the MoPH's health information system
- Providing copies of all reports to MoPH

### **MoJ Responsibilities**

- Providing/ensuring living conditions for prisoners that reduce health risks
- Taking necessary action to control insects
- Providing food for sick and hospitalised prisoners

- Providing milk for children (apart from those who are being breastfed) who are living with their mothers in prisons
- Providing and maintaining health facilities (including the provision of drinking water, hygienic conditions, heat, light and power) as explained in the Prisons Health Service Package
- Providing support to facilitate the examination of all new prisoners
- Responding positively to the advice of medical staff and taking appropriate action ( for example, isolation and the provision of special services)
- Providing support to ensure implementation of the National Health Programme in prisons (eg relating to mental health, TB, drug demand, harm reduction, and HIV)
- Ensuring security when prisoners are treated or hospitalised outside the prison on the advice of the medical staff
- Ensuring that health facilities are accessible to all prisoners and that security or transportation issues do not constrain the access of sick prisoners to hospitals
- Managing hunger strikes; if there are any health issues, MoPH will take action based on MoJ's Instructions
- Supplying additional services and staff, guards, and cleaners (also laundry services in Pol-e-Charkhi)
- Providing security and access for health staff. Ensuring that health facilities and other relevant work areas, eg kitchens, are always accessible to MoPH and NGO staff and that they are able to visit the health facilities at any time (Including in high security prisons)
- Monitoring the health care services and reporting to MoPH, MoJ and donors
- Establishing a joint committee, consisting of MoPH, MoJ and MoI representatives, to deal with any problems in the provision of health care services
- Providing support to the MoPH's National Campaign Programme

#### **Joint Responsibilities of MoJ and MoPH**

- At the Provincial level, representatives of both Ministries should establish a Prisons Health Committee for each Province to work as an advisory body on prison health issue; following their establishment, a list of members should be sent to the Prisons Sub-Working Group for Health. *[NB Not yet established.]*

In the event of any problems relating to health and security issues, they should be solved by the Province's Health Director and the Prison Commander with the support of the relevant Prisons Health Committee.

- If a problem cannot be solved at Provincial level, the issue should be referred to central MoJ and MoPH, and, if necessary, the Prisons Sub-Working Group for Health will work to solve it.
- The MoPH is able to provide these services only if the required budget is available'.

**Dr. Mohammad Qasim "Hashimzal"**

**MoJ Deputy Minister (Technical)**

**Dr. Faizullah Kakar**

**MoPH Deputy Minister (Technical)**

# Annex E

*Data collated from Rule of Law's Questionnaires dated  
September 2015 & January 2016*

| Nangarhar (Jalalabad) |  | No |  | Yes   |    |  |
| Northern Region       |  |    |  |   |    |  |
| Balkh (Mazar)         | Yes  |    |  |   |    |  |
| Sari Pul              | Yes  |    |  |   |    |  |
| Samangan              | Yes  |    |  |   |    |  |
| Faryab                | Yes  |    |  |   |    |  |
| Jawzjan               | Yes  |    |  |   |    |  |
| South Eastern Region  |  |    |  |   |    |  |
| Paktya                | Yes  |    |  |   |    |  |
| Ghazni                | Yes  |    |  |   |    |  |
| Paktika               |  | No |  | Yes   |    |  |
| Khost                 | Yes  |    |  |   |    |  |
| South Region          |  |    |  |   |    |  |
| Kandahar              |  | No |  | Yes   |    | Not provided to each juvenile. Instead the rules and regulations of the facility are posted on the walls for the juveniles to see and read. Most of them are uneducated however so they have to be explained to the juveniles. They also explained verbally (not in writing) to juveniles about their rights and of their right to lodge complaint and to whom the complaints may be addressed.  |
| Nimroz                |  | No |  | Yes   |    |  |
| Uruzgan               |  | No |  | Yes   |    | Rules and Regulations are pasted on the wall for all juveniles to read, but most of them are illiterate and could not read. The juveniles are also told orally of the rules and regulations of the facilities and of the schedule of activities such as the hour for prayers, recreational activities and classes. They are verbally apprised of their rights and provided with books especially about their rights. The books read to them by their teacher. The AIHRC installed a complaint box where the juveniles can drop their complaints. As most juveniles could not write, they request their teacher or the duty officer to write their complaints for them. |
| Helmand               | Yes  |    | But the juveniles are not individually provided with copies of the rules and regulations. Copies are posted on the doors of the rooms. Also, upon admission, the head educator advises the juvenile of the rules and regulations of the facility and of their rights, and including how to address their complaint. Rules and regulations and rights of juveniles are also discussed during classes. |   |    |  |
| Zabul                 |  | No |  | Yes   |    |  |
| Western Region        |  |    |  |   |    |  |
| Herat                 | Yes  |    |  |   |    |  |

|              |     |             |            |  |  |          |          |
|--------------|-----|-------------|------------|--|--|----------|----------|
| Ghor         | Yes |             |            |  |  |          |          |
| Badghis      | Yes |             |            |  |  |          |          |

| JRC                   |     | 3. Following admission, are juveniles interviewed? |    | Comment including when interviewed  |
|-----------------------|-----|--|----|---|
| Central Region        |     | Yes  | No |   |
| Kabul                 | Yes |  |    | Each juvenile is interviewed by the Admission Commission upon admission.  |
| Parwan                | Yes |  |    | When a juveniles is brought to the facility he/she is interviewed on the day of entry by a committee consisting of three staff - head of education, legal officer and medical officer.  |
| Panjshir              | Yes |  |    | When a juvenile is brought to the facility he/she is interviewed on the day of entry by a committee consisting of three staff - head of education, legal officer and medical officer.   |
| Logar                 | Yes |  |    | At the time of admission, there is a committee consisting of legal, education and dormitory managers who interview the juvenile.  |
| Wardak                | Yes |  |    | On the day of admission   |
| Kapisa                | Yes |  |    | One or two days after admission   |
| North Eastern Region  |     |  |    |   |
| Kunduz                | Yes |  |    | Kunduz JRC has a reception committee (a nurse, a social worker and JRC education officer) that interviews each juveniles right after their admission.   |
| Takhar                | Yes |  |    | The juveniles are interviewed by the reception committee of the JRC right after her/his admission.  |
| Badakhshan            | Yes |  |    | The reception committee of the center interviews juveniles right after their admission.   |
| Baghlan               | Yes |  |    | The reception committee of the center interviews juveniles right after their admission.   |
| Eastern Region        |     |  |    |   |
| Laghman               | Yes |  |    | During the admission process.   |
| Kunar                 | Yes |  |    | During the admission process.   |
| Nangarhar (Jalalabad) | Yes |  |    | During the admission process.   |
| Northern Region       |     |  |    |   |
| Balkh (Mazar)         | Yes |  |    | Upon admission  |
| Sari Pul              | Yes |  |    |   |
| Samangan              | Yes |  |    | Upon admission  |
| Faryab                | Yes |  |    | Upon admission  |
| Jawzjan               | Yes |  |    |   |
| South Eastern Region  |     |  |    |   |
| Paktya                | Yes |  |    | All juveniles are interviewed by a reception committee on the first day they are admitted. However, the medical doctor who interviews the newly admitted juveniles a few days later because the doctor only visits the JRC very other week. |
| Ghazni                | Yes |  |    | There is a Reception Committee consisting of two JRC staff and lead by a medical doctor from the Health Department who interviews all juveniles upon their entry to JRC.  |
| Paktika               | Yes |  |    | All juveniles are interviewed in the first day of their admission by a reception committee. The reception committee is consisting of Education Officer, Legal and Social Officer and one Medical Doctor.                                    |
| Khost                 | Yes |  |    | The juvenile is interviewed on the first day when entered to the JRC. A committee consisting of JRC officials and one medical doctor interviews the juveniles.  |
| South Region          |     |  |    |   |
| Kandahar              | Yes |  |    | Upon admission, juveniles are interviewed immediately on the same day. Personal details and contact details for the family are obtained. Physical and medical checks are likewise made.   |
| Nimroz                | Yes |  |    | The juveniles are interviewed by a committee composed of Head of JRC, educator and legal officer on the same day of admission.  |
| Uruzgan               | Yes |  |    | Juveniles are interviewed on the day of admission. However, if there are more than two juveniles admitted on the same day, the third juvenile may be interviewed the next day.  |

|                |     |     |   |
|----------------|-----|-----|---|
| Helmand        | Yes |     | On the day of admission, the juvenile is interviewed by the head of JRC, legal officer and educator.                                |
| Zabul          | Yes |     | A committee composed of the Head of JRC, legal officer, educator and paramedic interview the juvenile on the same day of admission. |
| Western Region |     |     |   |
| Herat          | Yes |     | Upon arrival.   |
| Ghor           | Yes |     | Upon arrival.   |
| Badghis        | Yes |     | Upon arrival.   |
| Farah          | Yes |     | Upon arrival by admission committee (Head of JRC, Doctor of JRC, Education officer of JRC)  |
| Total Number   |     | 31  | 0   |
| Percentage     |     | 100 | 0%  |

| 4. After interview, is a psychological and social report prepared? |     |    | Is JRC director informed of specialised care required?  |     |    |  |
|--|-----|----|---|-----|----|--|
| JRC:   | Yes | No | Comment   | Yes | No | Comment (include i) how requests for specialised care are handled and ii) examples of such care]   |
| Central Region   |     |    |   |     |    |  |
|  |     |    | There are five social workers from CiC, two from ACHIANA, and two from Ministry of Labor, Social Affairs, Martyrs and Disabled who provide the social services to the JRC, including filling the SIR Forms. But there is no special space to keep juveniles who need a high level of psychological care separate and provide the special care required. |     |    |  |
| Kabul  | Yes |    |   | Yes |    |  |
| Parwan   | Yes |    |   |     | No | The JRC doesn't have the capacity to provide specialized care.   |
| Panjshir   | Yes |    |   |     | No | The JRC doesn't have the capacity to provide specialized care.   |
| Logar  |     | No |   |     | No | Due to lack of space and capacity specialized care cannot be implemented.  |
| Wardak   | Yes |    | But not psychological report due to lack of specialist.   | Yes |    |  |
| Kapisa   | Yes |    |   | Yes |    |  |
| North Eastern Region   |     |    |   |     |    |  |
|  |     |    |   |     |    | If the juvenile cannot be treated by the doctors inside the JRC, the center introduces the juvenile to the provincial public hospital through an official letter.  |
| Kunduz   | Yes |    |   | Yes |    |  |
|  |     |    |   |     |    | The reception committee requests the JRC Director. The JRC Director, if the juvenile cannot be treated inside the JRC, will introduce or refer the Juvenile (through an official letter) to the provincial public health. But from Saturdays through Thursdays, a doctor from the provincial public health hospital comes to the JRC for juveniles' treatment whenever needed. |
| Takhar   | Yes |    |   | Yes |    |  |
|  |     |    |   |     |    | If the juvenile cannot be treated by the doctors inside the JRC, the center introduces the juvenile to the provincial public hospital through an official letter. This was done for one female juvenile last year who needed psychological care.   |
| Badakhshan   | Yes |    |   | Yes |    |  |

| Khost                       | Yes |   |   |
| <b>South Region</b>         |     |   |   |
|                             |     |   | A list of items taken from the juvenile is prepared in duplicate, signed by the JRC personnel who received the items and by the juvenile. If the juvenile is unable to write, his/her fingerprint is affixed. One copy is given to the juvenile and the other copy is retained by the JRC.  |
| Kandahar                    | Yes |   |   |
|                             |     |   | An inventory book is maintained which lists all items taken from the juveniles. The person authorized to collect the said items signs the same and the juvenile affixes his thumbmark.  |
| Nimroz                      | Yes |   |   |
| Uruzgan                     | Yes |   |   |
|                             |     |   | There is an inventory book that lists the items confiscated from the juvenile. It is signed by the legal officer and the juvenile. The juvenile affixes his/her thumbmark if he is unable to sign.  |
| Helmand                     | Yes |   |   |
|                             |     |   | An inventory is maintained which lists the items taken from every juvenile, including money up to 100 Afghani. It is signed by the officers who seized the items and by the juvenile. The juvenile affixes his/her fingerprint if unable to sign. A copy is kept by the juvenile while another copy is put in the legal file of the juvenile. |
| Zabul                       | Yes |   |   |
| <b>Western Region</b>       |     |   |   |
|                             |     |   | But regularly the juveniles are searched and all items confiscated at the prosecution office. When they arrive at the JRC they usually have little or no items. The items from prosecution search are not delivered to JRC.   |
| Herat                       | Yes |   |   |
| Ghor                        | Yes |   |   |
| Badghis                     | Yes |   |   |
| Farah                       | Yes |   |   |
|                             |     |   |   |
| Total Number                | 31  | 0   |   |
| Percentage                  | 100 | 0   |   |

|                             |             | 8.Does the facility arrange for transport of juveniles at government expense? |   |
|-----------------------------|-------------|---|---|
| JRC                         | Yes         | No  | Comment   |
| <b>Central Region</b>       |             |   |   |
| Kabul                       | Yes         |   |   |
| Parwan                      | Yes         |   |   |
| Panjshir                    | Yes         |   |   |
|                             |             |   | The JRC has an old vehicle which is adequate for local transportation but not for transport of juveniles to Kabul. So the juveniles pay for transportation to Kabul if needed.  |

| 46. Are juveniles restricted from family contact as a disciplinary procedure? |             |             |  |
|---|-------------|-------------|--|
| JRC   | Yes         | No          | Comment  |
| <b>Central Region</b>   |             |             |  |
| Kabul   | Yes         |             | Few cases  |
| Parwan  | Yes         |             |  |
| Panjshir  | Yes         |             | This measure hasn't been applied in Panjshir, but it is a disciplinary measure which can be applied to the juveniles.  |
| Logar   | Yes         |             | This year (2016), the juveniles caused damage to JRC equipment, including the TV, so the JRC restricted family visits.   |
| Wardak  | Yes         |             | In case of non-fulfillment of conditions.  |
| Kapisa  | Yes         |             | Not yet, but rules permit this restriction.  |
| <b>North Eastern Region</b>   |             |             |  |
| Kunduz  | Yes         |             | As a last option, the center will seek approval of the Ministry of Justice to transfer the juvenile to another province.   |
| Takhar  | Yes         |             |  |
| Badakhshan  | Yes         |             | But sometimes the JRC authorities keep the juvenile in a separate room. As a last option, the center will seek approval of the Ministry of Justice to transfer the juvenile to another province.   |
| Baghlan   | Yes         |             | First of all, the JRC authorities will discuss with the juvenile and advise him/ her of what is acceptable behavior. If this does not work, they will invite the juvenile's family at the center and ask her/his family to encourage him/ her to behave better. Sometimes, the JRC authorities will restrict family contact for a week or couple of weeks. |

| 66. Are there functioning medical facilities within the JRC? |     |     |  |
|--|-----|-----|--|
| JRC  | Yes | No  | Describe Facilities  |
| <b>Central Region</b>  |     |     |  |
| Kabul  | Yes |     | There is a functioning medical facility in Kabul JRC Open Center, run by the support of EMERGENCY, it has one room, with two beds, one is placed in the corridor. Juveniles' common disease can be treated. But it only has Out Patient Department (OPD) care. |
| Parwan   | Yes |     | There is a functioning medical facility in Parwan JRC in a single room and juveniles' common disease can be treated.   |
| Panjshir   |     | No  | No medical facility but a nurse with a box of seasonal medicines helps juveniles with health issues.   |
| Logar  |     | No  |  |
| Wardak   |     | No  | None but uses the Prison's Health Facility.  |
| Kapisa   |     | No  |  |
| <b>North Eastern Region</b>                                  |     |     |  |
| Kunduz   | N/A | N/A | Damaged by Taliban after falling of Kunduz .   |
| Takhar   | N/A | N/A | No access after falling of Kunduz.   |
| Badakhshan   |     | No  | No medical facility but a small room used as clinic with insufficient equipment and medicines.   |
| Baghlan  |     | No  | No medical facility but a small room used as clinic with insufficient equipment and medicines.   |
| <b>Eastern Region</b>  |     |     |  |
| Langhman   | Yes |     | There is a Medical Facility small room, a nurse (03 years degree graduated from intermediate medical institute) is in charge for the Medical Facility with no adequate medicine and no bed.  |
| Kunar  |     | No  |  |
| Nangarhar (Jalalabad)  | Yes |     | There is a Medical Facility a small room a medical doctor (MD 07 years degree), no adequate medicines and no bed.  |
| <b>Northern Region</b>                                       |     |     |  |
| Balkh (Mazar)  |     | No  | No, but a small room serves as medical facility. JRC is under construction and is expected to have a modern medical facility .   |
| Sari Pul   | N/A | N/A | No access to Sari Pul province.  |
| Samangan   |     | No  | But a small room serves as a medical facility.   |
| Faryab   | N/A | N/A | No access to Faryab province.  |
| Jawzjan  |     | No  | But a small room serving a medical facility.   |
| <b>South Eastern Region</b>                                  |     |     |  |

|                |     |        |        |   |
|----------------|-----|--------|--------|---|
| Paktya         |     |        | No     | Not really. There is a locked pharmacy and a normal carpeted room used for medical issues. No designated clinic with equipment or JRC employed doctor. Despite advertising for a full time employed "nurse" and an increase of the Tashkil approved by MoJ Kabul, the salary is so low (7000 af\$ per month / 115 USD pcm) that no one is interested in the full time position. They therefore have a good working arrangement with the local Min of Public Health and city hospital. |
| Ghazni         | Yes |        |        | One room is used as clinic center.  |
| Paktika        | Yes |        |        | One room is used as clinic center.  |
| Khost          |     |        | No     | Not even a regular visiting doctor despite requests of Ministry of Public Health.   |
| South Region   |     |        |        |   |
| Kandahar       |     |        | No     |   |

|                       | 70. Medical Resources   |          |
|                       | Who provides resources for this facility – salaries, equipment, medicines, and operating budget?  |          |
| JRC                   | Explanation   | Comments |
| Central Region        |   |          |
| Kabul                 | Salaries and operating budget are provided by MoJ, equipments and medicine are provided by EMERGENCY. Sometimes the clinic receives donations of medicine from ICRC and CSSP.     |          |
| Parwan                | MoPH.   |          |
| Panjshir              | Salare by MoJ, equipments and medicines by CSSP.  |          |
| Logar                 | No one.   |          |
| Wardak                | No one.   |          |
| Kapisa                | No one.   |          |
| North Eastern Region  |   |          |
| Kunduz                | None.   |          |
| Takhar                | None.   |          |
| Badakhshan            | JRC pays the salary and no medical equipment and medicines available there.   |          |
| Baghlan               | JRC pays the salary and BDN provides some basic medicines.  |          |
| Eastern Region        |   |          |
| Laghman               | The salaries and operating budget by the MoJ/JRD and the resources (equipment, medicines) are by an international NGO Swedish Committee for Afghanistan (SCA).                    |          |
| Kunar                 | The salaries and operating budget by the MoJ/JRD and the resources (equipment, medicines) by an international NGO – Premiere Urgence Aide Medicale Internationale (AMI).          |          |
| Nangarhar (Jalalabad) | The salaries and operating budget by the MoJ/JRD and the resources (equipment, medicines) by the Public Health Hospital and an International Organisation Terre Des Hommes (TDH). |          |
| Northern Region       |   |          |
| Balkh (Mazar)         | Global Partner and Islamic Relief NGOs provide medicines and support to the JRC in facilitating medical supplies.   |          |
| Sari Pul              | None.   |          |
| Samangan              | ADA, a local medical NGO provides equipments, medicines and Salary/allowance is paid through the funds received by JRC from government.   |          |
| Faryab                | None.   |          |
| Jawzjan               | ICRC supports with medical and water supply to the JRC. Another NGO by the name of Safety also provides medicine form time to time.   |          |
| South Eastern Region  |   |          |

|              |  |  |
|--------------|--|--|
| Paktia       | No salary required, first aid equipment and basic medicines provided by CSSP. All other illness dealt with by hospital budget.   |  |
| Ghazni       | Male nurse has been assigned by MoJ and receives salary from justice department and the other one who is MD doctor is assigned by Public Health Department and receive salary from this MoPH. They receive equipment, medicine and supplies from Agency Assistance Development for Afghanistan (AADA) a local NGO which is contractor of Ministry of Public Health. This NGO does a good job supplying the JRC.  |  |
| Pakitka      | The MD Doctor receives salary from Public Health Department (PHD). Previously the JRC received medicine from the Public Health Department but for the last three months the hospital (PHD) have refused to provide medicine for the JRC. Reportedly the director of PHD has said that they only have a contract to provide medical doctor and receive patients for treatment from the JRC to hospital but not to provide medicine in the JRC. If a juvenile needs medicine, the doctor writes a pharmacy script and the juvenile is expected to pay for medicines...this is almost impossible if no family support and unacceptable practice. Note that This JRC receives no help from CSSP/JSSP apparently. We are not sure about ICRC. |  |
| Khost        | Salaries/operating budget – MOJ<br>Equipment/medicines – CSSP/JSSP.  |  |
| South Region |  |  |
| Kandahar     | DoPH provides for a doctor who receives salary from DoPH. He visits the JRC once a week. INL/CSSP provides for basic medicines. Patients are also referred to the clinic of the Kandahar Central Prison.   |  |
| Nimroz       | SAF provides for basic medicine. INL/CSS provided for medicine last year but has not provided anything in the current year.  |  |
| Uruzgan      | Salary of the paramedic is paid by the DoJ. INL/CSSP provides for basic medicine.  |  |

|                |  |  |
|----------------|--|--|
|                | ACTD, INL/CSSP provides for basic medicine. The DoJ pays for the salary of the paramedic while the DoPH pays for the salaries of the doctor, the two nurses and of the pharmacy attendant.                   |  |
| Helmand        |  |  |
| Zabul          | None.  |  |
| Western Region |  |  |
|                |  |  |
| Herat          | Salaries provided by ASCHIANA NGO while medicines are provided by CSSP and another NGO by the name of AFCCA visits the JRC two days a week for caring about female juveniles for their gynecological matters |  |
| Ghor           | Salaries/operating budget – MOJ. Equipment/medicines – CSSP  |  |
| Badghis        | For doctor of MOPH the MOPH pay salary but for Nurse the MoJ pay salary, the PoPH provide medicines to JRC which is insufficient.  |  |
| Farah          | For doctor of MOPH the MOPH pay salary. Now there is only first Aid kit which was donated by JSSP and that's it.   |  |

| 72. Public Health Department   |     |    |   |
|--|-----|----|---|
| Is there any collaboration between the JRC authorities and the local public health department? |     |    |   |
| JRC  | Yes | No | Comment   |
| Central Region   |     |    |   |
| Kabul  | Yes |    | There is no good collaboration between the JRC authorities and the MoPH. Juveniles are taken to public hospitals but no medicine is provided. Juveniles have to buy from baazar.  |
| Parwan   | Yes |    | There is no good collaboration between the JRC authorities and the local public health department. Juveniles are taken to public hospitals but no medicines provided. Juveniles have to buy medication from the baazar. |
| Panjshir   | Yes |    |   |
| Logar  | Yes |    | The JRC refers medical cases to the public hospital. No team from DoPH has visited the JRC based on Protocol between MoJ and MoPH.  |
| Wardak   | Yes |    | The Public Health Department has a mobile team which visits the JRC once a week to check the health of the juveniles and provide treatment as needed.   |
| Kapisa   | Yes |    | The Public Health Department provide medical services to juveniles referred by JRC based on Protocol between MoJ and MoPH.  |
| North Eastern Region   |     |    |   |
| Kunduz   |     |    |   |
| Takhar   |     |    | No access after Kunduz fall.  |
| Badakhshan   | Yes |    | But Juveniles have to pay for their medicines most of the time.   |
| Baghlan  | Yes |    | DoPH provides health services to referred cases based on MoU and sometimes have to pay for medicines.   |
| Eastern Region   |     |    |   |
| Laghman  | Yes |    | The Public Health Department provide medical services to juveniles based on MoU between MoJ and MoPH.   |
| Kunar  | Yes |    | The Public Health Department provide medical services to juveniles based on MoU between MoJ and MoPH.   |
| Nangarhar (Jalalabad)  | Yes |    | The Public Health Department provide medical services to juveniles based on MoU between MoJ and MoPH.   |
| Northern Region  |     |    |   |
| Balkh (Mazar)  | Yes |    | DoPH medical doctor visits the JRC three times a week and provides services to referred cases in the city hospital based on the MoU between MoJ and MoPH.   |
| Sari Pul   |     |    | No access to Sari Pul province.   |
| Samangan   | Yes |    | DoPH medical doctor visits the JRC once a week and provides services to referred cases in the city hospital based on the MoU between MoJ and MoPH.  |
| Faryab   |     |    | No access to Faryab province.   |
| Jawzjan  | Yes |    | DoPH medical doctor visits the JRC twice a week and provides services to referred cases in the city hospital based on the MoU between MoJ and MoPH.   |
| South Eastern Region   |     |    |   |
| Paktya   | Yes |    |   |
| Ghazni   | Yes |    | One MD doctor has been assigned who visits the JRC three or four days per week. In addition patients with serious medical issues will be referred to Public Health Department for treatment.                            |
| Paktika  | Yes |    | The MD doctor is assigned by Public Health Department and serious patients are transferred to Public Health Department for further treatment.   |

|                |      |   |   |
|----------------|------|---|---|
| Khost          | Yes  |   | Sick children will be taken to hospital. Some suggestion from inmates that despite requests they are not taken for treatment (we met one boy with deformed hand) and if they are taken they must pay the taxi fare of Afs 100. Also the hospital insists they pay for their own medicine.                             |
| South Region   |      |   |   |
| Kandahar       | Yes  |   | There is collaboration between the JRC and the local public health department. The DoPH provides for medical services to the JRC. A doctor visits the JRC to check on the health of the juveniles. In emergency and serious cases, juveniles are referred to the government hospital where they receive medical care. |
| Nimroz         | Yes  |   | The JRC receives support from the DoPH through SAF which provides medicines for the JRC. Likewise, serious and emergency cases are referred to the Zaranj government hospital for medical care.   |
| Uruzgan        | Yes  |   | There is collaboration between the JRC authorities and the local health department. Serious and emergency cases are referred to the government hospital for further medical treatment. Initial screening of the juveniles upon admission is done by the government hospital.  |
| Helmand        | Yes  |   | Helmand JRC receives support from the DoPH through which pays the salaries of the doctor, nurses and the pharmacy attendant, and provides for medicine and medical equipment. Likewise, emergency and serious cases are referred to the government hospital.  |
| Zabul          | Yes  |   | JRC has collaboration with the local health department. Serious and emergency cases are referred to the government hospital for further treatment.  |
| Western Region |      |   |   |
| Herat          | Yes  |   | There an MoU between 9 offices including the Public Health Department based on which they sometimes visit the JRC and ask the Chemical Association to provide some medicines to the JRC.  |
| Ghor           | Yes  |   | The Public Health Department agreed to try its best to send a doctor to checkup juveniles on ad-hoc basis but according to the Head of JRC due to shortage of staff they cannot adhere to their promise and instead. The JRC has to take measures to transfer juveniles to the city hospital.                         |
| Badghis        | Yes  |   | The Public Health Department agreed to try its best to send a doctor for checkup of juveniles.  |
| Farah          | Yes  |   | The Public Health Department sent a doctor as Khedmati during official hours (08:00 – 0400) to JRC.   |
